DETAILED ACTION

Allowable Subject Matter

Claims 1, 3,4, 7-16, 18-28, 28-30, 32-39, 41,42, 44, and 45 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

The method of “displaying an animated image in connection with the prompting for the entry of the password; and altering at least one feature of the animated image in response to entry of one or more entered password characters *prior to accepting the password.*”

Could not be found in the prior art.

Sixtus US 5,903,721 discloses where prompting for the password is part of a transaction, where the animated image is associated with said transaction. Sixtus teaches instructions to the effect that the animation changes in response to an entered password. Sixtus fails to teach that the animation changes prior to accepting the password.
